BEEMER BROTHERS MAY PROVIDE BOND

Two of Quartet Held on Store
Breaking Charge Expected to be
Released Late Today.

ONE IS SUED FOR DIVORCE

Bond is Fixed at \$3,000 For Each
Defendant When Judge Arrives—
Plea For Martin Received

Bond in the sum of \$3,000 was placed against the four men in jail on charges of store breaking in the second degree, when Judge Sparks arrived Saturday afternoon late, and the men were unable to provide the bond at that late hour, but it was expected that late today a satisfactory bond would be provided for the release of Ed and Fred Beemer, brothers, who live in Muncie.

Jason Reese, their brother-in-law, and an attorney from Muncie, were here this afternoon talking with the prisoners in the county jail, and it was expected that the \$3,000 bond in each case would be supplied for their release before night.

A Muncie dispatch yesterday stated that Mrs. George Beemer had filed suit for divorce from the man held in jail here, alleging that she could no longer endure the humiliation caused by the actions of her husband, and she also asked for \$5,500 alimony.

The complaint filed in the Delaware county court house states that the couple have a five weeks old baby, and she charges cruel treatment, and maintains that during their residence in Gary he was indicted on a grand larceny charge.

Prosecutor Stevens this morning received a letter from Chief of Police J. M. Fletcher, who asked that leniency be shown in the case of James Martin, whom the officer asserted was a relative of his. The letter said that the boy had been in the army, and had contracted a disease which had caused him to become discontented, and that he had probably been thrown into bad company which influenced him. The officer asked the prosecutor to use his influence in securing a suspended sentence for the boy.

This morning Miss Lillian Goldrick, a clerk in a hotel in Muncie, who asserted that she was the sweetheart of Russell Shepherd, one of the men held in jail here, was in Rushville and spent the morning with Shepherd in the jail, bringing the boys cigars and candy.

She was also questioned by the officers in an effort to learn something about the actions of the men in jail, as it was understood that she probably knew something that would assist in clearing up the robbery.

MILROY WOMAN DIES EARLY THIS MORNING

Mrs. Florence I. Richey, Age 65,
Widow of Oren G. Richey,
Expires of Asthma

TWO CHILDREN SURVIVE

Mrs. Florence I. Richey, age sixty-five years, widow of the late Oren G. Richey, died at her home in Milroy this morning at six o'clock, following a very brief illness. The cause of her death was given as asthma.

Mrs. Richey had not been feeling well for several days, according to relatives, but had continued to attend to her household duties. A physician did not see her until thirty minutes before her death this morning.

Before her marriage, Mrs. Richey was Miss Florence Harris. Her husband died about four years ago and surviving her are two children, Mrs. P. Z. Tompkins of Milroy and Walter G. Richey of Arlington.

The funeral services will be held at the Milroy M. E. church Wednesday afternoon at 2:30 o'clock, with the Rev. F. M. Westhafer of Arlington and the Rev. C. C. Cross of Milroy in charge. Burial will take place in the Milroy cemetery.

CAPT. AND MRS TENCH SAY FAREWELL SUNDAY

Salvation Army Leader and His
Wife Will go to East Chicago
Tomorrow to Open Branch

LIBERAL OFFERING FOR THEM

A capacity house greeted Captain and Mrs. J. A. Tench of the Salvation Army last evening, who farewelled from here to go to East Chicago to open a branch of the Salvation Army work there. They will leave tomorrow for East Chicago, where they will make their future home.

A trio was rendered by Mr. and Mrs. Chalen Jones and Mrs. Della Bennett which was greatly appreciated. Mrs. Envoy Gipson spoke in behalf of Mrs. Tench and Sergt. Major Hunter and Evangelist Joseph Wainseott spoke in behalf of Captain Tench. A very liberal offering was given at the evening services.

In the afternoon the United Brethren people attended the meeting and gave their help in making it a successful meeting.

Captain and Mrs. Tench will be succeeded by Captain Marks and Lieutenant Lawton who have been assigned to take charge of the work here. These Salvation Army officers have been in charge of the work in Michigan City and have had good success. They are accomplished musicians and will be welcomed by the workers in this city. They are expected the latter part of the week.

INSTITUTE BEGINS WITH 119 ENROLLED

Prof. George D. Wham Refutes
Statements That English Grammar
is Not Necessary

TALKING MACHINE IS URGED

The annual Rush county teachers' institute, which is always held chautauqua week, opened this morning in the court house assembly room with 119 enrolled. A lively interest was displayed by the teachers, who are looking forward to an interesting week.

The two lecturers are the same as last year—E. J. Llewellyn superintendent of the Newcastle schools and George D. Wham of the Southern Illinois State Normal school, Carbondale, Ill. In addition, Miss Edna Marlatt of the Victor Talking Machine company, addressed the teachers this morning on the value of using machines in the grades, particularly the primary. She will speak during the week.

Prof. Wham lectured twice this morning and Supt. Llewellyn once. Prof. Wham in one of his lectures refuted the statements made recently that English grammar is unnecessary in the common schools. He asserted that it was a very necessary part of any common school education because it was needed as a standard of expression and is of value in that it gives one the power to interpret the speech of others.

VINDICATION OF RAISES SOUGHT

County Board of Review is Making
Comparison Between Assessments
And Actual Sales

USED DEED TRANSFER RECORD

Convening Today, Board Postpones
Deciding About Authority to
Revise Individual Valuations

Before coming to any conclusion about whether it had authority under the new law to revise the assessments of individual taxpayers, the county board of review, which convened in special session today, began compiling a comparison between 1919 assessments and actual sales of real estate and improvements in the last few months to determine whether the horizontal increases in this county, which were put on by the state board of tax commissioners, were justifiable.

The board planned to take the last ten sales of real estate and improvements in each taxing unit, which includes all the townships and Rushville, Carthage and Glenwood, and compare them with the assessments of the same property after the increases were put on. The sales were taken from the transfer records in the county recorder's office.

The sales and assessments compared up to noon indicated a vindication of the state board of tax commissioners—that the assessments were no higher than the actual sales. There were only two instances, and they were in Rushville city, where the assessments on which the owner is paying taxes this year, were higher than the amount for which the property is paying.

In each of these instances the assessments were only a few dollars in excess of the sum paid for the property in the transaction as recorded in the deed transfer. In most of the other cases, the assessments were far below the price paid for the property.

After finishing this comparison, the board expected to decide whether the law passed by the special session of the legislature gives it authority to make changes in the assessments of individuals or whether it shall confine its work to equalizing assessments as between townships or other taxing units.

It is explained that there is some confusion relative to the meaning of the Tuthill-Kiper remedial tax law on this point but that legislators who helped frame the measure declare it was not their intention for boards of review to take up individual appeals at the special session. It is pointed out that the session is limited to ten days and that if individuals were given opportunity to appear before the board the work could not be completed in the time specified.

The section of the law pertaining to the matter of review of assessments follows:

"Said county board of review shall proceed to review and equalize the assessment on the property in several townships and other taxing units for the year of 1919, and certify the same to the state board of tax commissioners in manner now required by law. Said county board of review shall continue in session so long as it may be necessary to properly discharge its duty, not exceeding ten days."

ORIGIN OF FOUNDRY FIRE UNDETERMINED

Blaze Discovered at Arbuckle & Co.
Plant Sunday Within Hour
After Watchman Left

LOSS BETWEEN \$500 AND \$1,000

A fire that resulted in several hundred dollars worth of damage took place Sunday morning shortly before seven o'clock when fire broke out in the Arbuckle and Company foundry, located at Second and Washington streets. The exact estimate of the loss could not be determined today, but will amount to between \$500 and \$1,000.

The fire when first discovered was burning around the top of the cupola and quickly spread to the roof and second story of the building. An intense heat was used Saturday afternoon in the cupola in melting metal, but one of the workmen stated that the fire was out before quitting time Saturday night, and the cause of the fire is unknown.

The nightwatchman also stated that he did not see any fire, and left at six o'clock, yesterday morning the alarm being turned in about ten minutes until seven. Two lines of hose played on the fire which was hard to reach; but no great damage resulted, except to the frame around the cupola and a hole in the roof. The loss is fully covered by insurance.

ROOSEVELT HEARS ABOUT IT TODAY

Democratic Candidate For Vice-
President is Notified of Nomina-
tion at Hyde Park

GREATER AMERICA KEYNOTE

(By United Press.)

Hyde Park, N. Y., Aug. 9.—A greater American, nationally and internationally, was the keynote of the speech here today of Franklin D. Roosevelt in accepting the Democratic nomination for vice president.

Realization of added greatness for America depends, Roosevelt said on the solving of two great problems by the next national administration—"our relations with the world and the pressing need of organized progress at home."

He declared Governor Cox is preeminently qualified in spirit, training and experience, to meet and solve these problems properly, "one who can lead this nation forward in an unhalting march of progress."

In world problems, Roosevelt declared, "we must either shut our eyes, build an impenetrable wall of armaments and live a hermit nation, or we must open our eyes and see that modern civilization has become so complex as to make it impossible to be in this world and not of it."

Homers S. Cummings, former national chairman, delivered the notification speech, paying particular attention to the republican national convention.

COLBY DENIES A NOTE WAS SENT

Premiers Decide to Support Poland,
Subject to Approval of Parlia-
ment and Deputies.

Washington, Aug. 9.—Secretary of State Colby announced today that the United States government has sent no note to the allies on the Russian-Polish situation.

Colby would not say whether a note was about to be sent or what action will be taken. The Paris foreign office announced a note was being received from the United States in sections on the Russian-Polish war.

Poland has sent a note to the league of nations announcing that it desired an honorable peace, it was announced at the Polish legation early today. Soviet Russia was blamed for the continuance of the war.

There was no inclination by the state department officials today to deny the general impression that President Wilson soon will take some action.

State department heads said that they had knowledge of a letter reported to have been sent by President Wilson to Senator Hitchcock, stating that the United States would keep hands off the situation.

Hythe, England, Aug. 9.—The conference of Premier Lloyd George and Premier Millerand on the Russian situation ended late today "in complete accord," it was said.

Lloyd George started immediately for London. Tomorrow he will place the situation before the house of commons.

Convinced that Russia is determined to crush Poland and set up a Soviet regime, the premiers were reported to have decided—subject to the approval of parliament and the chamber of deputies—to support Poland with military advice, munitions and naval operations.

Troops, however, will not be sent. Krasin and Kamenoff, the Bolshevik representatives, will be allowed to remain in England pending the outcome of the armistice parley at Minsk on Wednesday, according to this report.

London, Aug. 9.—The Russian situation is going before the British cabinet tonight and before parliament tomorrow, according to a decision reached at the conference between, Premiers Lloyd George and Millerand at Hythe today.

Millerand planned to start for Paris this afternoon where the situation probably will be placed before his ministry.

DEATH OF FARMER HASTENED BY FALL

James Miller, Age 88, Prominent
Resident of Posey Township,
Dies Late Sunday.

FUNERAL WEDNESDAY, 10 A. M.

James Miller, a prominent farmer of Posey township, expired late yesterday at his home at the age of 88 years. A few weeks ago he fell and broke his hip, which hastened his death. The deceased was born in Warren county, O., in 1832, but resided in this county practically all of his life.

Six children survive, his wife having preceded him in death. The children are Mrs. Lena Macey of Shelby county, Mrs. Cassie Macey of Posey township, Mrs. Emily Riggsbee of Walker township, Edwina Miller of Posey township, George of Montana, and Preston of California.

The funeral services will be held at the Friends church in Walker township Wednesday morning at ten o'clock by the Rev. Luther Addington, and burial will be made in the cemetery nearby.

AUTO IS DAMAGED BY FIRE

Defective Wiring Causes Blaze in Mert Wolcott's Car

An automobile owned by Mert Wolcott of this city was almost totally destroyed by fire one day last week in Memphis, Ind., where Mr. Wolcott was passing through on a business trip for the Pm Oil corporation of this city. The machine was a touring car, and defective wiring caused the gasoline tank to explode, and the machine was completely covered with flames. Mr. Wolcott escaping with only minor burns. A few weeks ago the fire department was called to Mr. Wolcott's home in this city, where the same machine had caught fire from wiring, but it was extinguished without much damage. The loss amounted to several hundred dollars, the engine and chassis not being damaged. No insurance was carried on the machine.

CONTRACT SALARY MUST REMAIN SAME

Minimum Wage For Teachers Will Not Apply This Year Where Contracts Have Been Signed

ATTORNEY GENERAL RULES

Law Carries No Emergency Clause and Will be in Force When Governor Issues Proclamation

Local school authorities were greatly relieved when they read Attorney General Stansbury's opinion regarding the application of the new teachers' minimum wage law, in which he held the law would not apply to contracts with teachers made before the publication of the acts of the special session of the legislature, which is not expected to take place before September 15 or October 1.

The teachers' wage law carried no emergency clause and will be come effective when the governor issues his proclamation declaring the new laws in force. By this time it is expected most of the teachers of the state will have been employed for the school year.

It is pointed out in the opinion, however, that in cases where contracts have been negotiated before the minimum wage act comes into force a new contract can be substituted after the act becomes effective if the contracting parties agree to such a change.

"After the 1920 amendment comes into force," the opinion reads, "school trustees must contract to pay each teacher at least \$800 for teaching each school year regardless of the length of the school year and teachers will be able to recover from school corporations at least \$800 per school year whether they have contracted to teach for less or not."

"But the amendment of 1920 is not yet in force. It will come into force upon the governor's proclamation after the acts of the special session of 1920 are published and distributed."

"Contracts made with teachers prior to the time which such amendment came into force, if they provide for paying at least the minimum wages now provided by law are valid and enforceable and will govern the rights of the contracting parties new contracts are substituted for the old."

"It is therefore my opinion that the amendment of 1920 will not apply where prior to its coming into contracts to teach for the next school year, unless after the act comes into force new contracts by consent of the contracting parties are substituted for those entered into before the act becomes effective."

The fact that the minimum wage of \$800 a year for a school year will become effective about the time the new school year begins will tend to cause many teachers to delay making contracts for the coming year. It is believed, unless the trustees agree to a wage level as high as the new minimum demands.

Some idea of the increase in salaries under the new law appears in a compilation just completed by Mr. Hines. In sixty-seven counties the average salary paid to teachers in one-room schools for 1919-1920 was \$513.85. The lowest wage recorded was in Sullivan county, where \$367.38 was paid to teachers for a school year.

RENEWED TESTIMONY

No one in Rushville who suffers from backaches, headaches, or distressing urinary ills can afford to ignore this Rushville man's twice-told story. It confirmed testimony that no Rushville resident can doubt.
E. L. Hinkle, 815 N. Jackson St., says: "Sharp pains in my back radiated to all parts of my body and as hardly able to walk. I couldn't sleep well, owing to my kidneys acting irregularly. I found no relief whatever until I began using Doan's Kidney Pills. Nine boxes of Doan's Kidney Pills cured me and made me feel like a different man. The terrible pains in my back left and my kidneys again acted regularly."
MORE THAN FIVE YEARS LATER, Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is lasting. I never have anything as serious now as an occasional tired feeling across my back. A few doses of Doan's soon fixes that."

SOLDIERS WELL PLEASED

Detachment Thankful for Courtesies Extended While Here

The detachment of soldiers that were in camp in the City Park the latter part of the week, left yesterday morning at sunrise for Greensburg, where they camped yesterday at McCoy Park. The soldiers expressed themselves as having received a hearty welcome in Rushville, and before leaving, Captain Henry, in charge of the detachment, wanted to thank the citizens for the courtesies shown during their stay here. He expressly thanked Walter Easley, manager of the Princess theater for giving the soldiers passes, and also C. J. Caron for his "treats." The commanding officer also thanked the Industrial club for the watermelons and Mrs. Whittan and Mrs. Richerson for pies that were donated.

Paper Suits at 60 Cents Per

Paper suits at sixty cents per will probably have about as much effect in reducing the high cost of living as did the recent overalls campaign.

To imagine that any American citizen is going to don a paper suit, especially with winter coming on, no matter how cheap it may be, is ridiculous. Yet the United States department of commerce is going to undertake to introduce them in the

United States as a "substitute" for cloth suits.

Dispatches from Washington inform us that orders have been placed for samples and that they will be displayed in Washington and also in the department's district and co-operative offices. The suits are said to be in vogue in both Germany and Austria.

As a last resort, when paper suits are the only alternative between being dressed and stark nakedness, paper suits may be worn in America, but not until then are they very likely to meet with favor here.

Of course, there are a few fad-dists in this country who may, for the sensation of seeing their pictures in the newspapers, don a paper suit, but such a custom will not likely be as long lived as was the denim flare-up, which increased the cost of work clothes for the laboring man and gave a few publicity seekers an opportunity to break into print.

Explaining its order for the samples, the department issued this statement:

"This action was taken because of the wide interest created by the publication of a recent dispatch from England that a large quantity of such suits were on display in English stores.

"The bureau of domestic and foreign commerce has received many inquiries from interested parties in the United States as the result of the publicity given the report. A good number of the inquirers asked that they be furnished with some of

the suits, under the impression that the bureau had a supply on hand. One man asked for fifty. Several ordered from three to ten. Practically all stated he size desired. It is understood that the suits are supposed to retail at about 60 cents each."

The Indianapolis News is very much perturbed over the use of hackneyed words and phrases and also complains about Senator Harding introducing the word "normalcy", but we presume that the News may be taken as a criterion and in the future any newspaper or American citizen who has an idea he wants to put into the English language, it would be well to consult the News.

The Newcastle Courier urges everybody to put a picture of their favorite candidate in the window and have a real-for-sure campaign this time. But the Courier forgot about the lowly federal employee who by order of the department heads is held responsible not only for his own partisan activity in any direction, but for that of members of his family.

The federal bureau of labor statistics says the retail prices of food declined one percent in the last thirty days and Stanley Wickoff predicts that beet sugar will be eighteen cents a pound. Let joy be unconfined.

Now that Cox and Harding both are acquainted with the facts in the case, we may settle down to a good, old-fashioned campaign.

Long Standing
Stomach Trouble
Helped By Dreco

Wife of well known farmer suffered for years from a severe case of stomach trouble; an inactive liver and constipation. Has taken one bottle of Dreco and got fine results.

"My wife has been in bad health for a long time; has had so much trouble with her stomach, liver and bowels. Everything she ate turned to gas and bloated her up; her liver was inactive and would not throw off the excess bile, causing severe headaches and dizzy spells," said Mr. Oren Reynolds, a well known farmer living on Rural Route 13, Terre Haute, Ind.

Her bowels would not move unless she took some strong medicine and that sort of medicine was worse than the complaint, for it upset her stomach, made her very nervous and she could not sleep well.

"We heard about the good Dreco was doing the folks around here, so thought we would let the wife try it and I want to tell you we are both very much pleased with the result. She has taken one bottle. I have bought another one for her and she is going to keep on taking Dreco until she is entirely well.

"Dreco soothed her stomach, cleared her liver of excess bile and caused her bowels to move in a natural, easy way and established regular habits."

All druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson & Co.—(Advt.)

The Cycle of Service

In its issue of June, 1920, Petroleum Age says:

"The announcement made May 25th, advancing the tank wagon prices of gasoline and kerosene in all Standard Oil Company (Indiana) territory was a disappointment to the oil men. They say the advance in the price of gasoline was less than was expected, or at least hoped for. The refiner is asking 23c for the cheapest straight-run, and this makes the cost to the jobber 25c in Chicago. To this must be added 3c for the cost of doing business. As a result the new price is still too low for a profit on gasoline."

The Standard Oil Company (Indiana) distributes through tank wagons and service stations, completing the cycle of service from refiner to consumer.

The present low price for gasoline in the Middle West is due in large measure to the efficiency of the Standard Oil Company (Indiana) in refining and distributing its products.

The Standard Oil Company (Indiana) maintains an elaborate research department, which has enabled it to increase the amount of high grade gasoline obtainable from crude oil.

The efficiency of the manufacturing department, plus the all but perfect system of distribution, enables the company to render a unique but necessary service to everyone in the Middle West who, either directly or indirectly, relies upon automotive machinery for power.

The Standard Oil Company (Indiana) has maintained, and will continue to maintain, the lowest possible price for petroleum products consistent with proper security to its stockholders.

DEBATE TAKES PLACE AT WINONA ASSEMBLY

Senator Hitchcock and Jackson Morrow, Republican, Argue About The League Covenant

BOTH ARE ABLE SPEAKERS

(By United Press.) Winona Lake, Ind., Aug. 9.—Senator Gilbert M. Hitchcock was to meet Jackson Morrow, Kentucky republican here today, in an oratorical effort to decide whether the league covenant shall or shall not be adopted by the United States.

Hitchcock was the senate leader in the administration's fight in favor of the covenant. But in spite of the republicans were confident that the Kentuckian would be able to hold his own in the debate.

Morrow was sent here by Harry S. New, senior senator from Indiana who is chairman of the speakers' bureau of the republican party. He formerly was in the Kentucky legislature.

RUSHVILLE WINS A TIGHT CONTEST

Tail Lights Defeat Brookville Sunday, 3 to 2, in a Close and Well Played Game

PLUMMER GOOD IN PINCHES

Local Pitcher Shows His Class by Preventing Runs When Hits Were Needed

The team representing Brookville was defeated yesterday afternoon on the West Third street ball diamonds by the Rushville Tail Lights, the final score being 3 to 2. The game was played in short order, most of the batsmen going out in order. The last of the first inning six men were at bat.

Cooley, an old timer from Connersville, was on the mound for the Brookville aggregation and although Rushville batted out nine hits, they were well scattered, and brought in the three runs, each run being made in separate innings.

Plummer, while not forced to do his best yesterday, satisfied the fans that he could hold the position against any team, and up until the eighth inning he had allowed only three hits, but in the eighth he worked around in good form, after allowing three singles, which scored only one run.

The first part of the game was played in a drizzle, but the fans continued to stay with the game. In the first inning, with Brookville at bat, the first man up went out on a fly ball, the next one up hit to the outfield and Poe, next up, landed on another single. It looked like some runs would be made in the first inning, but Plummer tightened and struck out the next two men up.

With Rushville at bat, Byrne, lead off man, was hit by a pitched ball, and given first base. Joyee singled. Bennett doubled to left field, scoring Byrne. No outs, two on, Smith up. Flew to outfield, and Plummer up, fanned. Doll struck out.

Brookville got out of a bad hole in the second inning, when Pearsey first man up for Rushville, was hit by a pitched ball and given first base, and was advanced to second by an infield hit of Conway. Sharp fanned. Byrne up, was again struck by a pitched ball. With bases full and one out, Joyee next up, struck out and Bennett was out on a fielded ball, shortstop to first.

Two hits in the fourth inning brought in another score for Rushville and in the seventh inning one hit and two errors by Brookville, cost the visitors another run.

Brookville scored first in the fifth inning when the lead off man got a three base hit, and an overthrow from right field to third base let the runner in home. Brookville's other run came in the eighth inning, when three singles were made, but a double play caught a man at first and third, which ended the inning, that for a time looked good to turn the game toward the opponents side.

The crowd yesterday was exceedingly good, considering the chautauqua and the game was interesting from the beginning until the last man died in the ninth inning. The game was over at 4:10, requiring only an hour and a half to be played.

The Anderson Seftons play here next Sunday.

"I FEEL JUST LIKE A DIFFERENT PERSON NOW"

Fort Wayne Man Gains Ten Pounds And Can Eat Anything Set Before Him Since Taking Tanlac.

"Since I began taking Tanlac I have gained ten pounds in weight and feel just like a different person," said C. O. Sanner, 1311 Elm street, Fort Wayne, Ind., an employee of the General Electric Co.

"Up to two years ago I had been working on a railroad, but had to give up my job on account of my wretched health. My stomach was in a bad condition and I was in such a badly run-down state I could hardly get about. Everything I ate would sour and ferment. I suffered from gas on my stomach and was very nervous all the time. The gas pressed against my heart, causing it to act so queerly that at times I feared I had heart trouble, and there were severe pains in the small of

my back just about all the time. I was losing weight every day, could get but very little sleep and always got up in the mornings feeling simply horrible.

"I heard so many of the men I work with talking about Tanlac that I decided to give it a trial. I could tell right from the start it was doing me good and now I am a well man. I have a splendid appetite, everything I eat agrees with me and I never have any more trouble from gas. The pains in my back are about gone. I sleep well and always get up feeling fine, in fact, I feel better in every way than I have in many years."

Tanlac is sold in Rushville by E. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

A Drama at The Mystic
The story of a typical American family of wealth is told in "The Third Generation," the Robertson-Cole picture, being shown at the Mystic theatre today. The picture traces the rise of the family of Van Dusen, its headway under the son of the founder, and its great period of stress under the grandson.

The atmosphere is that of New York of Civil war time, of some twenty years ago and of the present. There are scenes in the Metropolitan Opera House, in New York homes, at a fashionable beach, at an exclusive mountain resort, and in a Western mining town. The commercial unrest which marked the opening of the late World War is another element used to give the picture drama and interest.

The central character is Alden Van Dusen, a wealthy young man, who is married to a New York society woman. His wife insists that he spend a great deal of his time and money on entertainment, and so he has neglected the firm which was built up through the strict attention to business and hard work of his father and grandfather. This has a disastrous effect, and before long Van Dusen finds himself facing business ruin.

In the depth, he is about to end his life when there comes to him a new reason to battle, and, starting over again in the West, he has opportunity to work as his father and grandfather did, building up the firm whose standing he broke down by his negligence and pursuit of pleasure.

TWO FACTION ON THE LABOR UNION TICKET

Radical Element and Conservatives Have Candidates For Various State Offices

MEETING AT INDIANAPOLIS

(By United Press.)

Indianapolis, Ind., Aug. 9.—Two slates of candidates were placed before the voters of the Central Labor Union of Indianapolis when they held their election of officers here today.

One represented the radical element of the organization and the other the conservatives.

Candidates for the office of recording secretary was Frank McKamey of the Barbers' union, who will support the radicals, opposed by Frank Henbrook, of the soft drink workers.

Candidates for president were Charles Robinson of the Molders Union, as the radical, and J. J. Gorman, conservative, of the Sheet Metal workers union.

It was reported that there would be strong contest between the Barbers Union and the Soft Drink workers, for the office of recording secretary.

as was the sextette from Lucia and a medley of southern airs, which were sung by the mixed quartet.

The quartet is regarded by many chautauqua goers capable of judging, as one of the best ever heard in Rushville and the advertisement which has been given the company on account of its programs yesterday, will undoubtedly attract a large crowd tonight.

The chautauqua opened promptly at two o'clock in the afternoon with a short talk by E. R. Casady, president of the association, who complimented the people of the county on the support given the chautauqua, and introduced Judge Will M. Sparks. Judge Sparks acted as platform manager in the afternoon in the absence of Edgar J. Llewellyn, platform manager, who did not arrive until four o'clock.

Charlie Watkins pleased the two crowds yesterday with stories of his experience with men. He used human incidents in the lives of many great men to show the influence some lowly individual had in directing their lives in the proper channels to make them of service to humanity.

Mr. Watkins pleaded for the faith of our fathers, which was responsible for the American home, the school and the church. He pleaded for the restoration of the family altar and for a wider recognition of the Lordship of Jesus Christ.

CHAUTAUQUA NOTES

Jess Pugh—and he should know—says that Thursday's program will be the best of the week. It includes two concerts by the Florintine Musicians whom Jess knows professionally, and addresses by Strickland Gillilan, the poet and humorists, and Dr. Lena K. Saddler, health expert.

Charlie Watkins said Sunday that so many people had just enough religion to make them miserable and not enough to get the good things out of life.

Dr. Charles Tindley the eminent Philadelphia colored minister, who speaks Tuesday afternoon, has to invite the congregation at the morning hour to remain away in the evening so others may get it. He must have something worth hearing.

It is impossible to imagine anyone not wanting to hear Mable Quam Stevens, having once heard her. She was here last year and is coming back tomorrow night. There's no doubt about the size of the crowd which may be expected.

Chautauqua patrons will have to forget their politics and hear both sides of the question Friday and Saturday.

Obituary

Artemus Milton Fry was born in Washington Township, Rush County Indiana, Aug. 30, 1853, and died July 28, 1920 at the age of 66 years 10 mos and 28 days days.

He was the third in a family of six children born to Solomon and Elizabeth Fry. Two brothers, John W. and James W. and one sister, Lena have preceded him in death. Of this parental family, one sister, Mrs. Rebecca A. Hann, and T. R. Fry both of Eaton, Ohio survive.

Besides this brother and sister he is survived by a foster son Alpheus Fry and two foster grand children, Lois and Beatrice Fry of Rushville.

On July 24, 1874, the deceased was united in marriage to Isabel Robinson, who preceded him in death only nine days. Their married life was unusually happy. "Though old Father Time with affection sublime, Had crowned their heads with silvery gray, Their love was as strong as when they were young. In the years that have passed away," The memory of this couple will be cherished and sacred to many, many people, because of their kindly ministries, as they went about doing good. These two lives beautiful in their simplicity, noble in their purpose, faithful in their devotion,

The entire life of Mr. Fry was spent in the neighborhood where he was born. He was a patriotic citizen, a man of high standing in the community, honest in his business dealing, and possessed of a jovial disposition that brought cheer wherever he went. He was an unselfish neighbor, enjoyed visiting with his neighbors, yet just as glad to help them in sickness or need.

He was a member of the Odd Fellows Lodge at Falmouth, and of the Improved Order of Red Men at Mays. To both of these orders he was a loyal member, living true to their teachings.

This, in brief, is the life of our friend and neighbor.

Some are eager to be famous

Some are striving to be great;

Some are toiling to be leaders

In their nation or their state.

And in every man's ambition

If we only understood,

There is much that's fine and splendid

Every hope is mostly good.

He just liked to be a neighbor

In the good old fashioned way

Finding much to do for others,

And not over much to say,

In the joys and in the sadness,

He would live his life each day,

To do so needed service

To cheer others on their way.

Isabel Robinson Fry was born in New York, Jan. 3, 1854, and died July 19, 1920 at the age of 66 years, 6 mos. 16 days.

When but a small child she came to Rush County, Indiana, to the home of George Thomas of Homer. Mr. Thomas died soon after, and she came to live in the home of John Bell of Center Township. The ties of love and affection between her and these friends of her early life lasted throughout life. She was loved as one of their own, not only by the family, but by relatives. To all of these, she seemed as one of their own kin. Besides these, a legion of other friends had the same tender feeling toward her. The abundance of her love and sympathy was lavished upon all of these. She brought sunshine and comfort into the lives of all who knew her, and her influence for good upon each was immeasurable.

On August 14, 1867, the deceased united with the Presbyterian church at Shiloh under the ministry of Rev. J. F. Hutchinson.

On July 24, 1874, she was united in marriage to Artemus Milton Fry. Their married life was a beautiful instance of husband and wife being so closely and affectionately united, that when we think of one we are sure to think of the other. After nearly 46 years of faithful devotion to each other, this loving wife has been called away at a time when their wedded life seemed dearest, when the sun of their long and happy marriage relation was sinking in the Golden West. The words of the Prince in the following poem can be well applied to their lives.

"Give me your hand, my darling heart,

Oh, give me your hand today;

And we'll wander together, my darling heart,

Through the fields where the sunbeams play.

We will sit by the spring where the summer birds sing

To their mates so downy and gay,

In the cool, shady grove, where I told you my love,

In the years that have passed away.

Oh, the hours that you cheer are but moments my dear,

Afloat on the ocean of life.

And a century passing is only a year

In the smile of a sweet loving wife,

Has crowned us with silvery gray Our love is as strong as when we were young

In the years that have passed away.

Our hopes are as bright, Our hearts are as light

Our devotion as tender and true, As when in the beauty of youth I pledged

My life and my love to you. So give me your hand, and we'll stroll on the strand

To the end of life's happiest day, And we'll sing the old song, as the hours glide along

To the years that have passed away."

No children were born to their marriage, but her mother love was bestowed upon a foster son Alpheus Fry when they took into their home when he was 19 months old and reared as their own. She was to him a devoted mother and to his daughters Lois and Beatrice a loving grandmother. They are left with the grief stricken husband to mourn the loss of this loved one. Thus are recorded the main facts in the life of this good woman. Truly it can be said of her, "She hath done what she could."

Rest then, Friend and neighbor;

That we knew thee

Makes our lives the more complete,

And thy many acts of kindness,

Makes for us thy memory sweet.

Rest thou on thy course is ended, Thou hast met the setting sun, Even now thy master calleth, And He says to thee "well done."

BOARD HAS NO POWER TOO. K. BOND ISSUES

Legislator Says Bill Failed to Make Provisions For Bond Issues Between Now and Jan. 1

MATTER PUT UP TO STANSBURY

Indianapolis, Ind., Aug. 9.—A republican member of the legislature who did not want to be quoted directly, says that section four of the bill passed by the recent special session restoring home rule on tax levies and bond issues failed to make provision for the issuance of bonds between now and January 1.

That section supplanted section 201 on the old tax law and provided that any city or local unit may issue such bonds as it deems necessary but it failed to authorize the state tax board or the taxing units to O. K. bond issues between now and that date, he said. It was said the tax board lost its power on bond issues when the governor signed the bill and made it law. It was the evident intentions of the legislature to retain to the tax board power over bonds until the first of next year after which this control was to be restored to the local taxing units.

The matter was put up to Attorney Eli Stansbury immediately but is considered likely he may be asked for a revision of that section of the new law.

Here's a Little Suggestion for the Man Who Doesn't Need to Build

It is remarkable how a little lumber, a little paint and a good workman or two can make over a plain old fashioned, out-of-style house into a neat, attractive home. One man spent a few hundred dollars and the very day the simple improvements were completed he was offered \$1,400 more for the property than he had ever been offered before.

The improvements he had made were better than a 100 per cent investment.

But it isn't altogether the money investment that ought to be considered. Maybe mother and the girls are dissatisfied with the plain old house. The neighborhood has been beautifying and your folks, too, may long for those attractive little features that make the passerby pause and say: "Now there's a neat little home."

Come in and see us. We have some interesting suggestions for economical remodeling. And we can supply the materials!

U.S. MAY PREVENT AN OIL MONOPOLY

Is Prepared to Take World Control
of Situation From England
and France

WOULD PLACE AN EMBARGO

(By United Press.)
Washington, Aug. 9.—The United States government is prepared to assume a world dictatorship in the oil controversy, it was learned here today, if necessary to prevent the

world future output from being monopolized by Great Britain and France.

A diplomatic offensive now is under way to force Great Britain to accord to America equal right in developing new oil fields now held under the mandate of the league of nations.

The strength of the United States in the offensive lies in the fact this country now produces two-thirds of the present world output, according to Chief Geologist White of the Interior department.

United States' oil producers state that this country will produce 400,000,000 barrels of oil this year.

The weapon the United States

may use in its diplomatic offensive is an embargo on all oil exports to England and France, it was said.

FILES SUIT FOR SUPPORT

Gladys Bradley, by her next friend Charles McCorkhill, has filed suit against Clyde Bradley, asking that he be compelled to support her, and their year old baby. The complaint states that the defendant abandoned her and left without leaving financial support. She asks for the payment of \$150 cash and a monthly allowance if not less than \$30.

HIGHWAY GOOD PLACE FOR CONFIDENCE GAME

Farmer Turns Over Diamond Rings
to Tourists For \$20 Note and
Rings Are Not Worth \$2.50

TOURISTS PLAY LEADING ROLE.

Laporte, Ind., Aug. 9.—The Lincoln highway is much traversed by big and little automobiles. Naturally it became a suitable place for a confidence game in which the supposed farm hand and the "city feller" took

the leading roles, with the latter as victim.

Driving along the road between here and South Bend the tourist in his super-six stopped at the sight of a man dressed in overalls, an old shirt and a straw hat. A whisp of hay protruded from one corner of his mouth.

"Seen a stray cow up the road", the farmer asked.

"No".

"Durned good cow and I'm feared she's lost".

Just as the autos gears begin to growl and the clutch is thrown in the farmer remarked—"mebbe I lost a cow but a little while back I found

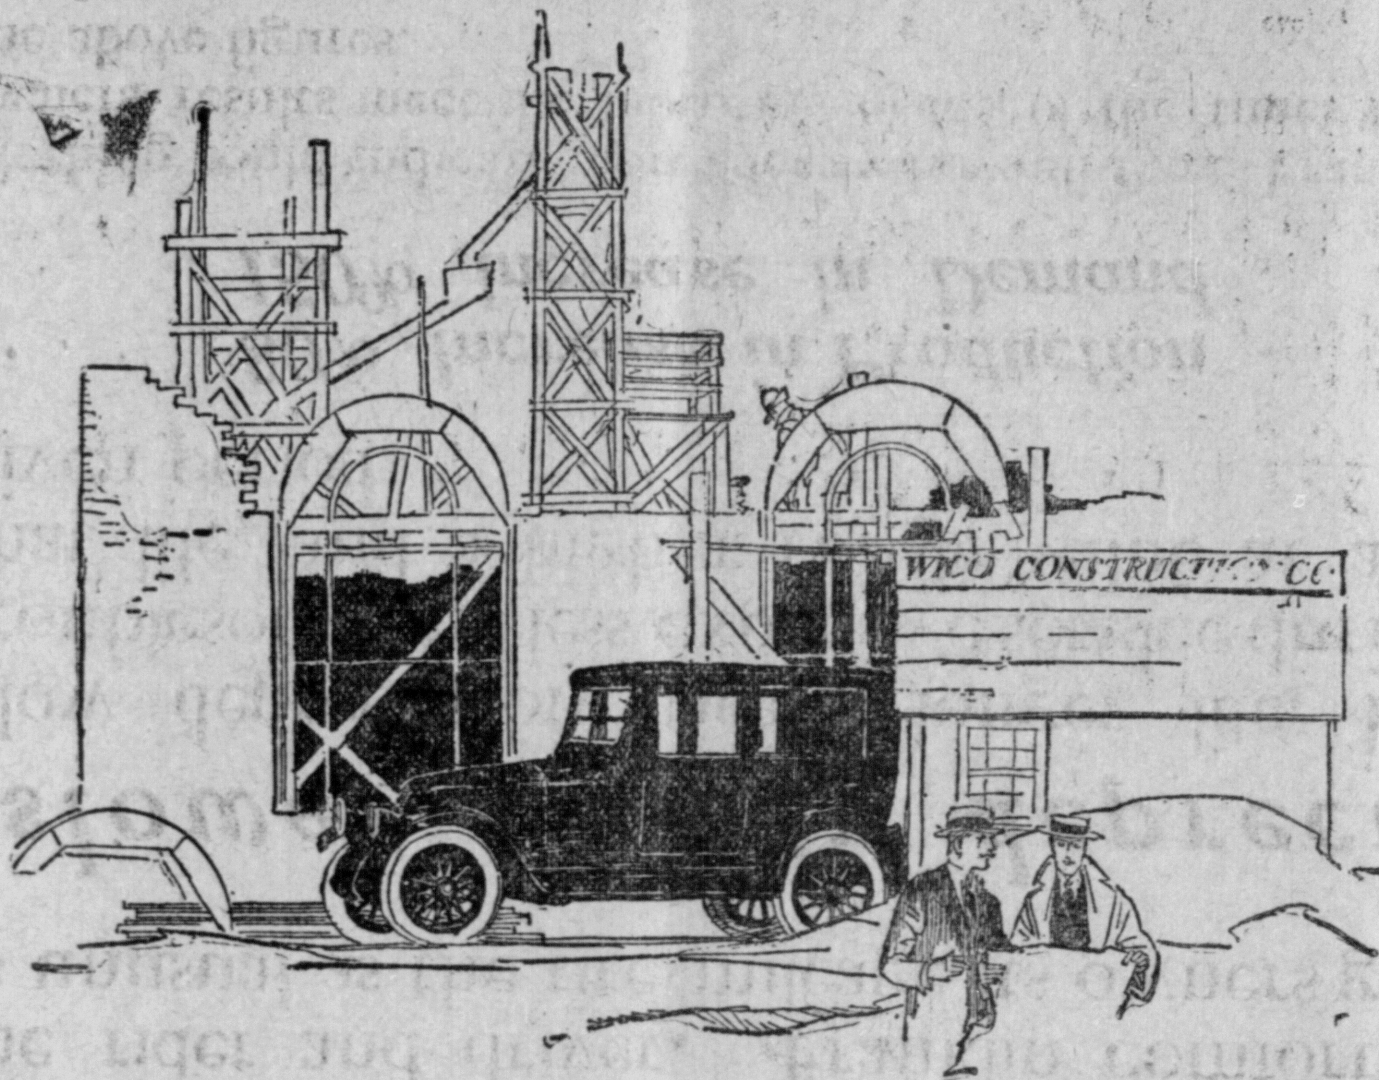

a diamond ring. Reekon some auto party lost it."

Interested the auto tourist finally took the hook, line and sinker and turned over a perfectly good \$20 note for the ring.

This happed many times. The following day a jeweler here was rushed for examination of the rings. "A whole bushel of them is not worth \$2.50" he said.

A marriage license was issued Saturday afternoon to Timothy D. Mergler of Detroit and Mrs. Mary Jane Becker, a dressmaker of this city, who lives at 1011 North Morgan street.

20 miles to the gallon of gasoline

The Franklin uses less fuel to go a given distance because light weight and less friction makes it the easiest rolling—and therefore the most easily controlled—car on the market.

12,500 miles to the set of tires

Long tire life can only result from less road shock—and that means greater comfort for the rider and driver. Franklin comfort is as unusual as the tire mileage its owners get.

50% slower yearly depreciation

Slow depreciation means longer life, less troublesome and less expensive service during that life, and a higher re-sale value at any given period.

80% Increase in Production

Nothing could indicate more clearly how all these Franklin owners' results meet the motoring needs of the times than the above figures.

BEEMER BROTHERS MAY PROVIDE BOND

Two of Quartet Held on Store
Breaking Charge Expected to be
Released Late Today.

ONE IS SUED FOR DIVORCE

Bond is Fixed at \$3,000 For Each
Defendant When Judge Arrives—
Plea For Martin Received

Bond in the sum of \$3,000 was placed against the four men in jail on charges of store breaking in the second degree, when Judge Sparks arrived Saturday afternoon late, and the men were unable to provide the bond at that late hour, but it was expected that late today a satisfactory bond would be provided for the release of Ed and Fred Beemer, brothers, who live in Muncie.

Jason Reese, their brother-in-law, and an attorney from Muncie, were here this afternoon talking with the prisoners in the county jail, and it was expected that the \$3,000 bond in each case would be supplied for their release before night.

A Muncie dispatch yesterday stated that Mrs. George Beemer had filed suit for divorce from the man held in jail here, alleging that she could no longer endure the humiliation caused by the actions of her husband, and she also asked for \$6,500 alimony.

The complaint filed in the Delaware county court house states that the couple have a five weeks old baby, and she charges cruel treatment, and maintains that during their residence in Gary he was indicted on a grand larceny charge.

Prosecutor Stevens this morning received a letter from Chief of Police J. M. Fletcher, who asked that leniency be shown in the case of James Martin, whom the officer asserted was a relative of his. The letter said that the boy had been in the army, and had contracted a disease which had caused him to become discontented, and that he had probably been thrown into bad company which influenced him. The officer asked the prosecutor to use his influence in securing a suspended sentence for the boy.

This morning Miss Lillian Goldrick, a clerk in a hotel in Muncie, who asserted that she was the sweetheart of Russell Shepherd, one of the men held in jail here, was in Rushville and spent the morning with Shepherd in the jail, bringing the boys cigars and candy.

She was also questioned by the officers in an effort to learn something about the actions of the men in jail, as it was understood that she probably knew something that would assist in clearing up the robbery.

MILROY WOMAN DIES EARLY THIS MORNING

Mrs. Florence I. Richey, Age 65,
Widow of Oren G. Richey,
Expires of Asthma

TWO CHILDREN SURVIVE

Mrs. Florence I. Richey, age sixty-five years, widow of the late Oren G. Richey, died at her home in Milroy this morning at six o'clock, following a very brief illness. The cause of her death was given as asthma.

Mrs. Richey had not been feeling well for several days, according to relatives, but had continued to attend to her household duties. A physician did not see her until thirty minutes before her death this morning.

Before her marriage, Mrs. Richey was Miss Florence Harris. Her husband died about four years ago and surviving her are two children, Mrs. P. Z. Tompkins of Milroy and Walter G. Richey of Arlington.

The funeral services will be held at the Milroy M. E. church Wednesday afternoon at 2:30 o'clock, with the Rev. F. M. Westhafer of Arlington and the Rev. C. C. Cross of Milroy in charge. Burial will take place in the Milroy cemetery.

CAPT. AND MRS. TENCH SAY FAREWELL SUNDAY

Salvation Army Leader and His
Wife Will go to East Chicago
Tomorrow to Open Branch

LIBERAL OFFERING FOR THEM

A capacity house greeted Captain and Mrs. J. A. Tench of the Salvation Army last evening, who farewelled from here to go to East Chicago to open a branch of the Salvation Army work there. They will leave tomorrow for East Chicago, where they will make their future home.

A trio was rendered by Mr. and Mrs. Chalen Jones and Mrs. Della Bennett which was greatly appreciated. Mrs. Envy Gipsen spoke in behalf of Mrs. Tench and Sergt. Major Hunter and Evangelist Joseph Wainwright spoke in behalf of Captain Tench. A very liberal offering was given at the evening services.

In the afternoon the United Brethren people attended the meeting and gave their help in making it a successful meeting.

Captain and Mrs. Tench will be succeeded by Captain Marks and Lieutenant Lawton who have been assigned to take charge of the work here. These Salvation Army officers have been in charge of the work in Michigan City and have had good success. They are accomplished musicians and will be welcomed by the workers in this city. They are expected the latter part of the week.

TALKING MACHINE IS URGED

The annual Rush county teachers' institute, which is always held chautauqua week, opened this morning in the court house assembly room with 119 enrolled. A lively interest was displayed by the teachers, who are looking forward to an interesting week.

The two lecturers are the same as last year—E. J. Llewellyn superintendent of the Newcastle schools and George D. Wham of the Southern Illinois State Normal school, Carbondale, Ill. In addition, Miss Edna Marlatt of the Victor Talking Machine company, addressed the teachers this morning on the value of using machines in the grades, particularly the primary. She will speak during the week.

Prof. Wham lectured twice this morning and Supt. Llewellyn once. Prof. Wham in one of his lectures refuted the statements made recently that English grammar is unnecessary in the common schools. He asserted that it was a very necessary part of any common school education because it was needed as a standard of expression and is of value in that it gives one the power to interpret the speech of others.

The tone of optimism which Charles Watkins of Muncie lent to the opening day of the sixteenth session of the Rush county chautauqua sent two record crowds home Sunday, happy over the privilege of hearing an exposition of a philosophy of life which dwells little on material things, but which deals with the human element—mainly "just folks," as Charlie styled them.

The speaker came here for two set addresses, "The Faith of Our Fathers" and "The Lordship of Jesus Christ." How well he covered these two subjects, more than two thousand people were ready to testify today.

Charlie Watkins did not deal with these two topics in a conventional way. He approached them from a different angle and plainly proved that he "practices what he preaches."

The Hadley Concert company, which appeared twice Sunday and remained here today, is composed of seven talented musicians who entertained the audiences yesterday with a variety of selections which were especially pleasing.

The company is under the direction of Grant Hadley, a baritone of note, and will be heard in a complete concert at the chautauqua tonight at seven-thirty o'clock.

Indications that the interest in the assembly this year was greater than ever before, were seen as soon as the guarantors season tickets were placed on sale, for they were sold being taken within a week.

That the interest has not lagged any was revealed by the demand for season tickets Sunday. One hundred and fifty at \$2 each were sold, making a total of 190 which have been disposed since the supply of guarantors tickets was used up. The same kind of a demand exists for children's season tickets. Sunday's receipts were \$40 greater than the first day in 1919.

The Hadley company used good judgment in the selection of numbers Sunday, judging from the appearance which they made to the audience. Many of the airs, vocal and instrumental, were familiar to chautauqua patrons and were given vigorous applause.

A vocal duet, "My Isle of Golden Dreams," which was sung by Miss Laura Thiel, soprano, and Miss May Baron contralto, last night, was especially popular with the audience. Continued on Page Six

VINDICATION OF RAISES SOUGHT

County Board of Review Is Making
Comparison Between Assessments
And Actual Sales

USED DEED TRANSFER RECORD

Convening Today, Board Postpones
Deciding About Authority to
Revise Individual Valuations

Before coming to any conclusion about whether it had authority under the new law to revise the assessments of individual taxpayers, the county board of review, which convened in special session today, began compiling a comparison between 1919 assessments and actual sales of real estate and improvements in the last few months to determine whether the horizontal increases in this county, which were put on by the state board of tax commissioners, were justifiable.

The board planned to take the last ten sales of real estate and improvements in each taxing unit, which includes all the townships and Rushville, Carthage and Glenwood, and compare them with the assessments of the same property after the increases were put on. The sales were taken from the transfer records in the county recorder's office.

The sales and assessments compared up to noon indicated a vindication of the state board of tax commissioners—that the assessments were no higher than the actual sales. There were only two instances, and they were in Rushville city, where the assessments on which the owner is paying taxes this year, were higher than the amount for which the property is paying.

In each of these instances the assessments were only a few dollars in excess of the sum paid for the property in the transaction as recorded in the deed transfer. In most of the other cases, the assessments were far below the price paid for the property.

After finishing this comparison, the board expected to decide whether the law passed by the special session of the legislature gives it authority to make changes in the assessments of individuals or whether it shall confine its work to equalizing assessments as between townships or other taxing units.

It is explained that there is some confusion relative to the meaning of the Tathill-Kiper remedial tax law on this point but that legislators who helped frame the measure declare it was not their intention for boards of review to take up individual appeals at the special session. It is pointed out that the session is limited to ten days and that if individuals were given opportunity to appear before the board the work could not be completed in the time specified.

The section of the law pertaining to the matter of review of assessments follows:

"Said county board of review shall proceed to review and equalize the assessment on the property in several townships and other taxing units for the year of 1919, and certify the same to the state board of tax commissioners in manner now required by law. Said county board of review shall continue in session so long as it may be necessary to properly discharge its duty, not exceeding ten days."

ORIGIN OF FOUNDRY FIRE UNDETERMINED

Blaze Discovered at Arbuckle & Co.
Plant Sunday Within Hour
After Watchman Left

LOSS BETWEEN \$500 AND \$1,000

A fire that resulted in several hundred dollars worth of damage took place Sunday morning shortly before seven o'clock when fire broke out in the Arbuckle and Company foundry, located at Second and Washington streets. The exact estimate of the loss could not be determined today, but will amount to between \$500 and \$1,000.

The fire when first discovered was burning around the top of the cupola and quickly spread to the roof and second story of the building. An intense heat was used Saturday afternoon in the cupola in melting metal, but one of the workmen stated that the fire was out before quitting time Saturday night, and the cause of the fire is unknown.

The night watchman also stated that he did not see any fire, and left at six o'clock, yesterday morning the alarm being turned in about ten minutes until seven. Two lines of hose played on the fire which was hard to reach; but no great damage resulted, except to the frame around the cupola and a hole in the roof. The loss is fully covered by insurance.

ROOSEVELT HEARS ABOUT IT TODAY

Democratic Candidate For Vice-
President is Notified of Nomina-

GREATER AMERICA KEYNOTE

(By United Press)

Hyde Park, N. Y., Aug. 9.—A greater American, nationally and internationally, was the keynote of the speech here today of Franklin D. Roosevelt in accepting the Democratic nomination for vice president.

Realization of added greatness for America depends, Roosevelt said on the solving of two great problems by the next national administration—"our relations with the world and the pressing need of organized progress at home."

He declared Governor Cox is preeminently qualified in spirit, training and experience, to meet and solve these problems properly, "one who can lead this nation forward in an unflinching march of progress."

In world problems, Roosevelt declared, "we must either shut our eyes, build an impenetrable wall of armaments and live a hermit nation, or we must open our eyes and see that modern civilization has become so complex as to make it impossible to be in this world and not of it."

Homer S. Cummings, former national chairman, delivered the notification speech, paying particular attention to the republican national convention.

WILSON EXPECTED TO ACT

Premiers Decide to Support Poland
Subject to Approval of Parlia-
ment and Deputies.

Washington, Aug. 9.—Secretary of State Colby announced today that the United States government has sent no note to the allies on the Russian-Polish situation.

Colby would not say whether a note was about to be sent or what action will be taken. The Paris foreign office announced a note was being received from the United States in sections on the Russian-Polish war.

Poland has sent a note to the league of nations announcing that it desired an honorable peace, it was announced at the Polish legation early today. Soviet Russia was blamed for the continuance of the war.

There was no inclination by the state department officials today to deny the general impression that President Wilson soon will take some action.

State department heads said that they had knowledge of a letter reported to have been sent by President Wilson to Senator Hitchcock, stating that the United States would keep hands off the situation.

Hythe, England, Aug. 9.—The conference of Premier Lloyd George and Premier Millerand on the Russian situation ended late today "in complete accord," it was said.

Lloyd George started immediately for London. Tomorrow he will place the situation before the house of commons.

Convinced that Russia is determined to crush Poland and set up a Soviet regime, the premiers were reported to have decided—subject to the approval of parliament and the chamber of deputies—to support Poland with military advice, munitions and naval operations.

Troops, however, will not be sent. Krasin and Kamenoff, the Bolshevik representatives, will be allowed to remain in England pending the outcome of the armistice parley at Minsk on Wednesday, according to this report.

London, Aug. 9.—The Russian situation is going before the British cabinet tonight and before parliament tomorrow, according to a decision reached at the conference between Premier Lloyd George and Millerand at Hythe today.

Millerand planned to start for Paris this afternoon where the situation probably will be placed before his ministry.

DEATH OF FARMER HASTENED BY FALL

James Miller, Age 88, Prominent
Resident of Posey Township,
Dies Late Sunday.

FUNERAL WEDNESDAY, 10 A. M.

James Miller, a prominent farmer of Posey township, expired late yesterday at his home at the age of 88 years. A few weeks ago he fell and broke his hip, which hastened his death. The deceased was born in Warren county, O., in 1832, but resided in this county practically all of his life.

Six children survive, his wife having preceded him in death. The children are Mrs. Lana Macey of Shelby county, Mrs. Cassie Macey of Posey township, Mrs. Emily Richey of Walker township, Edna Miller of Posey township, George of Monticello and Preston of California.

The funeral services will be held at the Friends church in Walker township Wednesday morning at 10 o'clock by the Rev. Luther A. Adair, and burial will be made in cemetery nearby.

AUTO IS DAMAGED BY FIRE

Defective Wiring Causes Blaze in Mert Wolcott's Car

An automobile owned by Mert Wolcott of this city was almost totally destroyed by fire one day last week in Memphis, Ind., where Mr. Wolcott was passing through on a business trip for the Fu Oil corporation of this city. The machine was a touring car, and defective wiring caused the gasoline tank to explode, and the machine was completely covered with flames. Mr. Wolcott, escaping with only minor burns. A few weeks ago the fire department was called to Mr. Wolcott's home in this city, where the same machine had caught fire from wiring, but it was extinguished without much damage. The loss amounted to several hundred dollars, the engine and chassis not being damaged. No insurance was carried on the machine.

Minimum Wage For Teachers Will Not Apply This Year Where Contracts Have Been Signed

ATTORNEY GENERAL RULES

Law Carries No Emergency Clause and Will be in Force When Governor Issues Proclamation

Local school authorities were greatly relieved when they read Attorney General Stansbury's opinion regarding the application of the new teachers' minimum wage law, in which he held the law would not apply to contracts with teachers made before the publication of the acts of the special session of the legislature, which is not expected to take place before September 15 or October 1.

The teachers' wage law carried no emergency clause and will become effective when the governor issues his proclamation declaring the new laws in force. By this time it is expected most of the teachers of the state will have been employed for the school year.

It is pointed out in the opinion, however, that in cases where contracts have been negotiated before the minimum wage act comes into force a new contract can be substituted after the act becomes effective if the contracting parties agree to such a change.

"After the 1920 amendment comes into force," the opinion reads, "school trustees must contract to pay each teacher at least \$800 for teaching each school year regardless of the length of the school year and teachers will be able to recover from school corporations at least \$800 per school year whether they have contracted to teach for less or not."

"But the amendment of 1920 is not yet in force. It will come into force upon the governor's proclamation after the acts of the special session of 1920 are published and distributed.

"Contracts made with teachers prior to the time which such amendment came into force, if they provide for paying at least the minimum wages now provided by law are valid and enforceable and will govern the rights of the contracting parties new contracts are substituted for the old.

"It is therefore my opinion that the amendment of 1920 will not apply where prior to its coming into force contracts to teach for the next school year, unless after the act comes into force new contracts by consent of the contracting parties are substituted for those entered into before the act becomes effective."

The fact that the minimum wage of \$800 a year for a school year will become effective about the time the new school year begins will tend to cause many teachers to delay making contracts for the coming year. It is believed, unless the trustees agree to a wage level as high as the new minimum demands.

State idea of the highest salaries under the new law appears in a compilation just completed by Mr. Hines. In sixty-seven counties the average salary paid to teachers in one-room schools last year was \$513.85. The lowest was \$367.38 was paid in one room school year.

RENEWED TESTIMONY

No one in Rushville who suffers from backaches, headaches, or distressing urinary ills can afford to ignore this Rushville man's twice-told story. It confirmed testimony that no Rushville resident can doubt.
E. L. Hinkle, 815 N. Jackson St., writes: "Sharp pains in my back radiated to all parts of my body and was hardly able to walk. I couldn't sit well, owing to my kidneys acting irregularly. I found no relief whatever until I began using Doan's Kidney Pills. Nine boxes of Doan's Pills cured me and made me feel like a different man. The terrible pains in my back left and my kidneys again acted regularly."
MORE THAN FIVE YEARS LATER, Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is lasting. I never have anything so serious now than an occasional tired feeling across my back. A few doses of Doan's soon fixes that."
Price 60c, at all dealers. Don't ask for a kidney remedy—Doan's Kidney Pills—the same Mr. Hinkle had. Foster-Milburn Mfrs., Buffalo, N. Y.—(Adv.)

Detachment Thankful for Courtesies Extended While Here

The detachment of soldiers that were in camp in the City Park the latter part of the week, left yesterday morning at sunrise for Greensburg, where they camped yesterday at McCoy Park. The soldiers expressed themselves as having received a hearty welcome in Rushville, and before leaving, Captain Henry, in charge of the detachment, wanted to thank the citizens for the courtesies shown during their stay here. He expressly thanked Walter Easley, manager of the Princess theater for giving the soldiers passes, and also C. J. Caron for his "treats." The commanding officer also thanked the Industrial club for the watermelons and Mrs. Whitton and Mrs. Richerson for pies that were donated.

DEBATE TAKES PLACE AT WINONA ASSEMBLY

Senator Hitchcock and Jackson Morrow, Republican, Argue About The League Covenant

BOTH ARE ABLE SPEAKERS

(By United Press)

Winona Lake, Ind., Aug. 9.—Senator Gilbert M. Hitchcock was to meet Jackson Morrow, Kentucky republican here today, in an oratorical effort to decide whether the league covenant shall or shall not be adopted by the United States.

Hitchcock was the senate leader in the administration's fight in favor of the covenant. But in spite of the republicans were confident that the Kentuckian would be able to hold his own in the debate.

Morrow was sent here by Harry S. New, senior senator from Indiana who is chairman of the speakers' bureau of the republican party. He formerly was in the Kentucky legislature.

Feel Old?

Overwork, worry, anxiety or sorrow undermines strength and health. These causes contribute to kidney trouble, and weak or diseased kidneys make one feel old in middle age.

Foley Kidney Pills

help weak, overworked or diseased kidneys and bladder so that the system is free from waste and poisonous matter that causes one to feel old, tired, languid. They banish backache, rheumatic pains, sore muscles, stiff joints.

Mrs. J. D. Miller, Syracuse, N. Y., writes: "For many years I suffered with kidney trouble and rheumatism. I had a severe backache and felt miserable and all played out. I got to a place where I had to do something. After taking two bottles of Foley Kidney Pills I can say my backache is gone, and where I used to be awake at night with rheumatic pains I can now sleep in comfort and enjoy a good night's rest."

RUSHVILLE WINS A TIGHT CONTEST

Tail Lights Defeat Brookville Sunday 3 to 2. In a Close and Well Played Game

PLUMMER GOOD IN PINCHES

Local Pitcher Shows His Class by Preventing Runs When Hits Were Needed

The team representing Brookville was defeated yesterday afternoon on the West Third street ball diamonds by the Rushville Tail Lights, the final score being 3 to 2. The game was played in short order, most of the batsmen going out in order. The last of the first inning six men were at bat.

Cooley, an old timer from Connersville, was on the mound for the Brookville aggregation and although Rushville batted out nine hits, they were well scattered, and brought in the three runs, each run being made in separate innings.

Plummer, while not forced to do his best yesterday, satisfied the fans that he could hold the position against any team, and up until the eighth inning he had allowed only three hits, but in the eighth he worked around in good form, after allowing three singles, which scored only one run.

The first part of the game was played in a drizzle, but the fans continued to stay with the game. In the first inning, with Brookville at bat, the first man up went out on a fly ball, the next one up hit to the outfield and Poe, next up, landed on another single. It looked like some runs would be made in the first inning, but Plummer tightened and struck out the next two men up.

With Rushville at bat, Byrne, lead off man, was hit by a pitched ball, and given first base. Joyce singled. Bennett doubled to left field, scoring Byrne. No outs, two on, Smith up. Flew to outfield, and Plummer up, fanned. Doll struck out.

Brookville got out of a bad hole in the second inning, when Pearsey first man up for Rushville, was hit by a pitched ball and given first base, and was advanced to second by an infield hit of Conway. Sharp fanned. Byrne up, was again struck by a pitched ball. With bases full and one out, Joyce next up, struck out and Bennett was out on a fielded ball, shortstop to first.

Two hits in the fourth inning brought in another score for Rushville and in the seventh inning one hit and two errors by Brookville, cost the visitors another run.

Brookville scored first in the fifth inning when the lead off man got a three base hit, and an overthrow from right field to third base let the runner in home. Brookville's other run came in the eighth inning, when three singles were made, but a double play caught a man at first and third, which ended the inning, that for a time looked good to turn the game toward the opponents side.

The crowd yesterday was exceedingly good, considering the chautauqua and the game was interesting from the beginning until the last man died in the ninth inning. The game was over at 4:10, requiring only an hour and a half to be played.

The Anderson Seftons play here next Sunday.

"I FEEL JUST LIKE A DIFFERENT PERSON NOW"

Fort Wayne Man Sings Ten Pounds And Can Eat Anything Now Before Him Since Taking Tanlac.

"Since I began taking Tanlac I have gained ten pounds in weight and feel just like a different person," said C. O. Sanner, 1311 Elm street, Fort Wayne, Ind., an employee of the General Electric Co.

"Up to two years ago I had been working on a railroad, but had to give up my job on account of my wretched health. My stomach was in a bad condition and I was in such a badly run-down state I could hardly get about. Everything I ate would sour and ferment. I suffered from gas on my stomach and was very nervous all the time. The gas pressed against my heart, causing it to act so queerly that at times I feared I had heart trouble, and there were severe pains in the small of

my back just about all the time. I was losing weight every day, could get but very little sleep and always got up in the mornings feeling miserable.

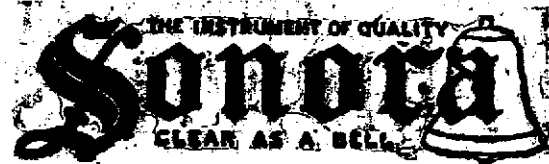

"I heard so many of the men I work with talking about Tanlac that I decided to give it a trial. I could tell right from the start it was doing me good and now I am a well man. I have a splendid appetite, everything I eat agrees with me and I never have any more trouble from gas. The pains in my back are about gone. I sleep well and always get up feeling fine, in fact I feel better in every way than I have in many years."

Tanlac is sold in Rushville by B. Johnson Co., in Milroy by J. B. Johnson, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. Davis, in Carthage by Otto C. Carty, and in New Salem by Jos. Hankins, R. R. 2.—Adv.

A Drama at The Mystic

The story of a typical American family of wealth is told in "The Third Generation," the Robertson-Cole picture, being shown at the Mystic theatre today. The picture traces the rise of the family of Van Dusen, its headway under the son of the founder, and its great period of stress under the grandson.

The atmosphere is that of New York of Civil war time, of some twenty years ago and of the present. There are scenes in the Metropolitan Opera House, in New York homes, at a fashionable beach, at an exclusive mountain resort, and in a Western mining town. The commercial unrest which marked the opening of the late World War is another element used to give the picture drama and interest.

The central character is Alden Van Dusen, a wealthy young man, who is married to a New York society woman. His wife insists that he spend a great deal of his time and money on entertainment, and so he has neglected the firm which was built up through the strict attention to business and hard work of his father and grandfather. This has a disastrous effect, and before long Van Dusen finds himself facing business ruin.

In the depth, he is about to end his life when there comes to him a new reason to battle, and, starting over again in the West, he has opportunity to work as his father and grandfather did, building up the firm whose standing he broke down by his negligence and pursuit of pleasure.

TWO FACTION ON THE LABOR UNION TICKET

Radical Element and Conservatives Have Candidates For Various State Offices

MEETING AT INDIANAPOLIS

(By United Press.)
Indianapolis, Ind., Aug. 9.—Two slates of candidates were placed before the voters of the Central Labor Union of Indianapolis when they held their election of officers here today.

One represented the radical element of the organization and the other the conservatives.

Candidates for the office of recording secretary was Frank McKamey of the Barbers' union, who will support the radicals, opposed by Frank Henbrook, of the soft drink workers.

Candidates for president were Charles Robinson of the Molders Union, as the radical, and J. J. Gorman, conservative, of the Sheet Metal workers union.

It was reported that there would be strong contest between the Barbers Union and the Soft Drink workers, for the office of recording secretary.

WATKINS LENDS A TONE OF OPTIMISM

Continued from Page One

as was the sextette from Lucia and a medley of southern airs, which were sung by the mixed quartet.

The quartet is regarded by many chautauqua goers capable of judging, as one of the best ever heard in Rushville and the advertisement which has been given the company on account of its programs yesterday, will undoubtedly attract a large crowd tonight.

The chautauqua opened promptly at two o'clock in the afternoon with a short talk by E. R. Casady, president of the association, who complimented the people of the county on the support given the chautauqua, and introduced Judge Will M. Sparks. Judge Sparks acted as platform manager in the afternoon in the absence of Edgar J. Llewellyn, platform manager, who did not arrive until four o'clock.

Charlie Watkins pleased the two crowds yesterday with stories of his experience with men. He used human incidents in the lives of many great men to show the influence some lowly individual had in directing their lives in the proper channels to make them of service to humanity.

Mr. Watkins pleaded for the faith of our fathers, which was responsible for the American home, the school and the church. He pleaded for the restoration of the family altar and for a wider recognition of the Lordship of Jesus Christ.

CHAUTAUQUA NOTES

Jess Pugh—and he should know—says that Thursday's program will be the best of the week. It includes two concerts by the Florine Musicicians whom Jess knows professionally, and addresses by Strickland Gilman, the poet and humorists, and Dr. Lena K. Sandler, health expert.

Charlie Watkins said Sunday that so many people had just enough religion to make them miserable and not enough to get the good things out of life.

Dr. Charles Tindley the eminent Philadelphia colored minister, who speaks Tuesday afternoon, has to invite the congregation at the morning hour to remain away in the evening so others may get it. He must have something worth hearing.

It is impossible to imagine anyone not wanting to hear Mable Quam Stevens, having once heard her. She was here last year and is coming back tomorrow night. There's no doubt about the size of the crowd which may be expected.

Chautauqua patrons will have to forget their politics and hear both sides of the question Friday and Saturday.

NOTICE

From your home nursery at Cambridge City Mr. Freeman or myself will call at your home and take orders for what you may need in Strawberry or Fruit.

We charge nothing for plans or suggestions. All stock delivered at your door. We get stock if you need it. Let us hear you. M. H. GARDNER 12345.

Obituary

Artemus Milton Fry was born in Washington Township, Rush County Indiana, Apr. 30, 1863, and died July 23, 1920 at the age of 56 years 10 mos and 23 days.

He was the third in a family of six children born to Solomon and Elizabeth Fry. Two brothers, John W. and James W. and one sister, Lea have preceded him in death. Of this parental family, one sister, Mrs. Rebecca A. Haun, and T. R. Fry both of Eaton, Ohio survive.

Besides this brother and sister he is survived by a foster son Alphonse Fry and two foster grand children, Lois and Beatrice Fry of Rushville.

On July 24, 1874, the deceased was united in marriage to Isabel Robinson, who preceded him in death only nine days. Their married life was unusually happy. "Though old Father Time with affection sublime, Had crowned their heads with silvery gray, Their love was as strong as when they were young. In the years that have passed away" The memory of this couple will be cherished and sacred to many, many people, because of their kindly ministries, as they went about doing good. These two lives, beautiful in their simplicity, noble in their purpose, faithful in their devotion,

The entire life of Mr. Fry was spent in the neighborhood where he was born. He was a patriotic citizen, a man of high standing in the community, honest in his business dealing, and possessed of a jovial disposition that brought cheer wherever he went. He was an unselfish neighbor, enjoyed visiting with his neighbors, yet just as glad to help them in sickness or need.

He was a member of the Odd Fellows Lodge at Falmouth, and of the Improved Order of Red Men at Mays. To both of these orders he was a loyal member, living true to their teachings.

This, in brief, is the life of our friend and neighbor.

Some are eager to be famous
Some are striving to be great;
Some are toiling to be leaders
In their nation or their state.
And in every man's ambition
If we only understood,
There is much that's fine and splendid.

Every hope is mostly good.
He just liked to be a neighbor
In the good old fashioned way
Finding much to do for others,
And not over much to say,
In the joys and in the sadness,
He would live his life each day,
To do so needed service
To cheer others on their way.

Isabel Robinson Fry was born in New York, Jan. 3, 1854, and died July 19, 1920 at the age of 66 years, 6 mos. 16 days.

When but a small child she came to Rush County, Indiana, to the home of George Thomas of Homer. Mr. Thomas died soon after, and she came to live in the home of John Bell of Center Township. The ties of love and affection between her and these friends of her early life lasted throughout life. She was loved as one of their own, not only by the family, but by relatives. To all of these, she seemed as one of their own kin. Besides these, a legion of other friends had the same tender feeling toward her. The abundance of her love and sympathy was lavished upon all of these. She brought sunshine and comfort into the lives of all who knew her, and her influence for good upon each was immeasurable.

On August 14, 1867, the deceased united with the Presbyterian church at Church under the ministry of Rev. J. F. Hutchinson.

On July 24, 1874, she was united in marriage to Artemus Milton Fry. Their married life was a beautiful instance of husband and wife being so closely and affectionately united, that when we think of one we are sure to think of the other. After nearly 46 years of faithful devotion to each other, this loving wife has been called away at a time when their wedded life seemed dearest, when the sun of their long and happy marriage relation was sinking in the Golden West. The words of the Prince in the following poem can be well applied to their lives.

"Give me your hand, my darling heart,

Oh, give me your hand today;
And we'll wander together, my darling heart,

Through the fields where the sunbeams play.

We will sit by the spring where the summer birds sing

To their mates so downy and gay,
In the cool, shady grove, where I told you my love,

In the years that have passed away.

On the hours that you cheer are but moments my dear,

Afloat on the ocean of life

And a century passing is only a year
In the scale of a sweet loving wife.

Our hopes are as bright, Our hearts are as light

Our devotion as tender and true,

As when in the beauty of youth I pledged

My life and my love to you.

So give me your hand, and we'll stroll on the strand

To the end of life's happiest day,

And we'll sing the old song, as the hours glide along

To the years that have passed away."

No children were born to their marriage, but her mother love was bestowed upon a foster son. Alphonse Fry when they took into their home when he was 19 months old and reared as their own. She was to him a devoted mother and to his daughters Lois and Beatrice a loving grandmother. They are left with the grief stricken husband to mourn the loss of this loved one. Thus are recorded the main facts in the life of this good woman. Truly it can be said of her, "She hath done what she could."

Here's a Little Suggestion for the Man Who Doesn't Need to Build

It is remarkable how a little lumber, a little paint and a good workman or two can make over a plain old fashioned, out-of-style house into a neat, attractive home. One man spent a few hundred dollars and the very day the simple improvements were completed he was offered \$1,400 more for the property than he had ever been offered before.

The improvements he had made were better than a 100 per cent investment.

But it isn't altogether the money investment that ought to be considered. Maybe mother and the girls are dissatisfied with the plain old house. The neighborhood has been beautifying and your folks, too, may long for those attractive little features that make the passerby pause and say: "Now there's a neat little home."

Come in and see us. We have some interesting suggestions for economical remodeling. And we can supply the materials!

U.S. MAY PREVENT AN OIL MONOPOLY

Is Prepared to Take World Control
of Situation From England
and France

WOULD PLACE AN EMBARGO

(By United Press.)
Washington, Aug. 9.—The United States government is prepared to assume a world dictatorship in the oil controversy, it was learned here today, if necessary to prevent the

world's oil output from being monopolized by Great Britain and France.

A diplomatic offensive now is under way to force Great Britain to accord to America equal right in developing new oil fields now held under the mandate of the league of nations.

The strength of the United States in the offensive lies in the fact this country now produces two-thirds of the present world output, according to Chief Geologist White of the Interior department.

United States' oil producers state that this country will produce 400,000,000 barrels of oil this year.

The weapon the United States

is an embargo on all oil exports to England and France, it was said.

FILES SUIT FOR SUPPORT

Gladys Bradley, by her next friend Charles McCorkhill, has filed suit against Clyde Bradley, asking that he be compelled to support her, and their year old baby. The complaint states that the defendant abandoned her and left without leaving financial support. She asks for the payment of \$150 cash and a monthly allowance if not less than \$30.

HIGHWAY GOOD PLACE FOR CONFIDENCE GAME

Farmer Turns Over Diamond Rings
to Tourists For \$20 Note and
Rings Are Not Worth \$2.50

TOURISTS PLAY LEADING ROLE

Laporte, Ind., Aug. 9.—The Lincoln highway is much traversed by big and little automobiles. Naturally it became a suitable place for a confidence game in which the supposed farm hand and the "city feller" took

advantage of each other. The game was played between a tourist and a farmer.

Driving along the road between Laporte and Spaulding Bend the tourist in his super six stopped at the sight of a man dressed in overalls, an old shirt and a straw hat. A whip of hay protruded from one corner of his mouth.

"Seen a stray cow up the road", the farmer asked.

"No".

"Durned good cow and I'm feared she's lost".

Just as the autos gears begin to growl and the clutch is thrown in the farmer remarked "maybe I lost a

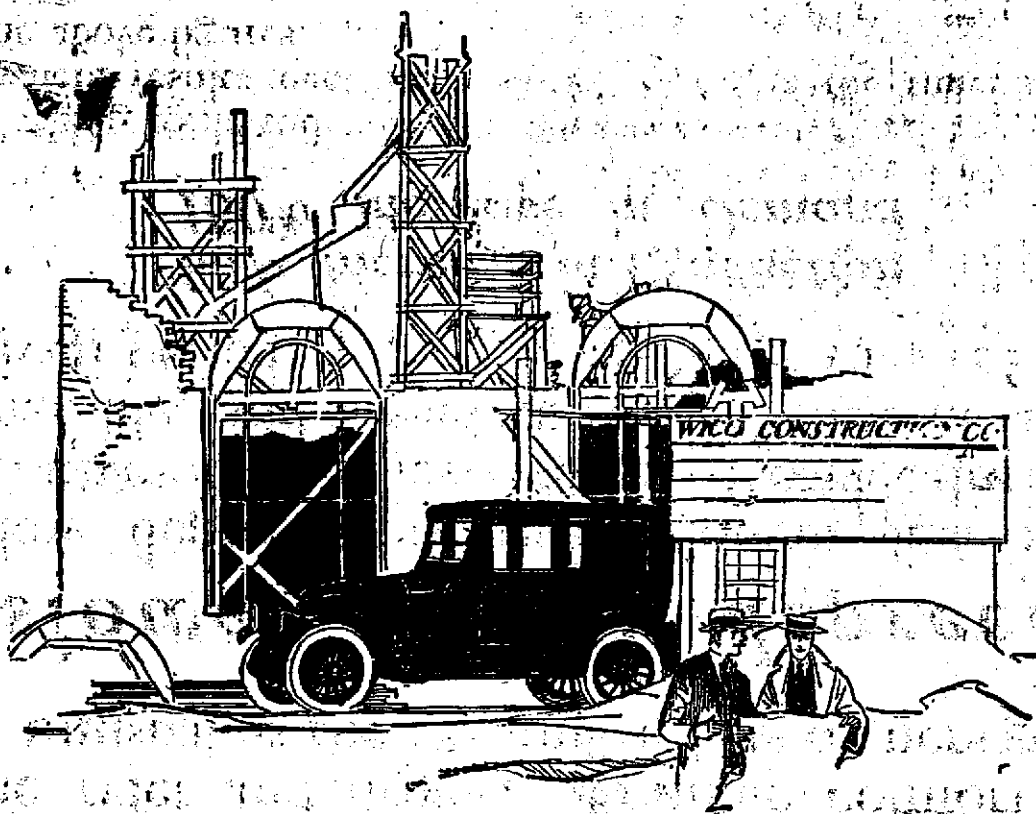

stray cow and I'm feared she's lost".

Interested the auto tourist finally took the hook line and sinker and turned over a perfectly good \$20 note for the ring.

This happened many times. The following day a jeweler here was rushed for examination of the rings. "A whole bushel of them is not worth \$2.50" he said.

MARRIAGE LICENSE ISSUED

A marriage license was issued Saturday afternoon to Timothy D. Mergler of Detroit and Mrs. Mary Jane Becker, a dressmaker of this city, who lives at 1011 North Morgan street.

20 miles to the gallon of gasoline

The Franklin uses less fuel to go a given distance because light weight and less friction makes it the easiest rolling—and therefore the most easily controlled—car on the market.

12,500 miles to the set of tires

Long tire life can only result from less road shock—and that means greater comfort for the rider and driver. Franklin comfort is as unusual as the tire mileage its owners get.

50% slower yearly depreciation

Slow depreciation means longer life, less troublesome and less expensive service during that life, and a higher re-sale value at any given period.

80% Increase in Production
150% Increase in Demand

Nothing could indicate more clearly how all these Franklin owners' results meet the motoring needs of the times than the above figures.
